EDUCATION

Higher National Diploma in Information Technology

- Sri Lanka Institute of Advanced Technological Education -Kurunegala
  2021 - 2024

G.C.E A/L

- Sri Siddhartha, M.V.
  2020

EXPERTISE

- Web Development
- Mobile App Development
- Database design
- Back end Development
- UI design
- Team Work
- Leadership
- Communication

PROFILE

I am a passionate and dedicated software engineer student with a strong foundation in various programming languages and technologies. I am committed to continuous learning and staying abreast of the latest industry trends, ensuring that my solutions are not only robust but also aligned with best practices. I have cultivated a diverse skill set encompassing a broad spectrum of technologies. A commitment to continuous improvement underscores my approach to software engineering.

PERSONAL PROJECTS

Mobile Application.

- This is a software solution for farmers to sell their products. The technologies used to build that app are React Native-Expo, Tailwind CSS, and Firebase databases.

Pizza Hut Billing System.

- This is the stand-alone billing system for Pizza Hut using Java with NetBeans IDE.

Hotel Booking Management System.

- This is a web application for the hotel to manage bookings in rooms and wedding halls in that hotel. In that web app, users can book rooms or wedding halls, and hotel administrators can manage their bookings.
- Front end technologies are HTML,CSS, and JavaScript.
- Back end technologies are PHP and MySQL.

Student Registration For Online Courses.

- This is the system for student registration for online courses. This system is made by using HTML, CSS, JavaScript, and PHP. This system has a database with MySQL.

Portfolio Web Site

- This is my personal portfolio web site developed using React Framework.

School Management System

- This is a Java project using the NetBeans IDE. This is a stand-alone system for schools to manage students and teachers. system has a database in MySQL.

LANGUAGES

- Sinhala (Proficient)
- English (Advanced)

TOOLS AND VERSION CONTROL

- Git
- GitHub

IDES

- Visual Studio
- Visual Studio Code
- Net Beans
